## ABOUT THE INSTITUTION:

Sir Vithaldas Thackersey College of Home Science is the first Home Science College in Maharashtra to be granted the Autonomous status and is proud to celebrate its twenty five years of Autonomy this year (1995-2021). The College has been accredited by NAAC, with Grade A in 4th Cycle (2021-2026) and is a recipient of a coveted honour of College with Potential for Excellence in three consecutive phases (CPE PHASE-I, II, III; 2006-2020) from the University Grants Commission (UGC). The College was successfully granted fifth extension of Autonomous status by UGC expert committee from 2017- 2022. The institution is a proud recipient of RUSA – 2 Infrastructure Grant (2018 – 2020).

The College strives towards overall growth and development of the students and prepares them to face challenges of the modern world in line with the vision and mission of the college.

## ABOUT THE ONLINE SEMINAR:

Internal quality assessment is a system used to monitor academic and administration processes of an educational institution. The new normal has emerged as a dynamic multifaceted reality in academic institutions. Thus there is a felt need to deliberate and revisit HEI assessment systems to develop strategies in the backdrop of the new normal. Skill development and self-employment has taken centre stage in HEIs to meet the needs and demands of the present ecosystem. Curriculum offered needs to be dynamic and relevant to meet these objectives. In line with the NEP the HEI needs to upgrade the academic and administration processes and tools with application of ICT in setting benchmarks for internal quality assessment and assurance systems.

For smooth transition into the new normal along with the expected implementation of NEP the seminar will focus on emerging institutional eco systems for quality assessment.

## OBJECTIVES OF THE ONLINE SEMINAR:

1. Identify systems requiring quality assessment in higher education in New Normal
2. Sharing of mechanisms applied by various institutions in the New Normal
3. Understand the implications of NEP in quality assessment in higher education
4. Integration of technology in Higher education for quality assessment
5. Role of stakeholders for assisting in promoting quality in higher education in the New Normal.

## SUB THEMES

Systems practised for ensuring quality in-

- Curriculum Development
- Teaching-Learning Process
- Integration of Research in Academic Institutions
- Evolving Competencies for Effective Leadership in All Stakeholders
- Promotion of Entrepreneurship Potential of Students
- Overall Development of Institutional Stakeholders
- Digitization of Administration
- Eco-friendly Initiatives by Academic Institutions

## EXPECTED OUTCOME

The seminar would be a congregation of higher education institutes who have deliberated on developing quality systems for the new normal settings. As we foresee the NEP being implemented in the near future, all the HEI brainstormed in order to prepare robust and well-defined, academic and administrative systems to execute the policy.

### The expected outcome of the seminar would be -

1. Identification of challenges in systems for assessment of quality assurance in the New Normal
2. Enumeration of methods and prerequisites for implementation of technology in higher education institutes
3. Stating implications of NEP in academic quality assessment systems
4. Identification of mechanisms to involve stakeholders in assuring quality in HEI
